SAUCE DISPENSERS

PORTION CONTROL

FEATURES

- Narrow design for less table space
- Capacity: 32 oz (907 g) above refill line
- Pump-action lever for portion control
- Ketchup dispenser: 1/3 oz (10 ml)
- Mustard dispenser: 1 oz (30 ml)
- Easy calibration - no tools required
- Cover attachment to reduce loss

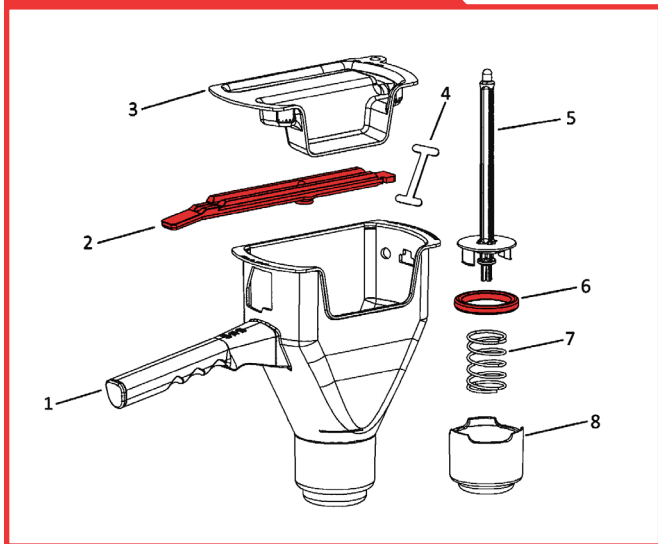

TIPS & GUIDES

- Parts are not sold individually but in kits
- Add sauce BEFORE installing the lever
- Hand wash parts only. No dishwasher

DUAL BASE FOR 460-AN & 398-CN (REF 1247100)

Vakmanschap in horecatoestellen en koel- en vriesinfrastructuur

Proqitchen is de divisie binnen Airquality die zich volledig richt op **koel- en vriesapparatuur** en gespecialiseerde horecatoestellen zoals professionele **friteuses van Henny Penny, Garland grills en Linclon pizza-bandovens**. Wij streven naar een maximale meerwaarde voor onze klanten door het aanbieden van de juiste kwaliteitstoestellen, aangepast aan en gecalculeerd voor de specifieke behoeftes van elke horecazaak.

Une expertise dans les appareils de restauration et des appareils de réfrigération et de congélation

Proqitchen est une division d'Airquality, le spécialiste des appareils de réfrigération et de congélation et des appareils de restauration tels que les friteuses professionnelles de Henny Penny, les grilles de Garland et les fours à pizza convoyeur Lincoln. Nous nous employons à créer une valeur ajoutée maximale pour nos clients en offrant des appareils de qualité et parfaitement adaptés aux besoins.

www.proqitchen.be

FRITEUSE OPEN / OUVERTE

Besparingen op frituurvet en energiekosten

Binnen het gamma van Henny Penny nemen de open friteuses een belangrijke plaats in. Afhankelijk van het beoogde verwerkingsvolume bestaan er **verschillende formaten** met specifieke oppervlaktes en extra functionaliteiten. **U bespaart zo tot 40% olie** door het gebruik van een Henny Penny Evolution Elite friteuse. Dit is niet alleen goed voor de portefeuille van u als ondernemer, maar ook voor de gezondheid van uw klant. Als horeca ondernemer moet u kunnen rekenen op uw toestellen, want een keuken moet efficiënt kunnen functioneren.

Économisé sur l'huile de friture et les coûts d'énergie

Les friteuses ouvertes jouent un rôle important dans la gamme Henny Penny. Selon le volume de traitement prévu, il existe **différents formats** avec des surfaces spécifiques et des fonctionnalités supplémentaires. **Vous pouvez économiser jusqu'à 40% d'huile** en utilisant une friteuse profonde Henny Penny Evolution Elite. Cela n'est pas seulement bon pour votre portefeuille d'entrepreneurs, mais également pour la santé de vos clients. En tant qu'entrepreneur dans l'horeca, vous devez pouvoir compter sur vos appareils, car une cuisine doit pouvoir fonctionner efficacement.

www.hennypenny.be

DRUKFRITEUSE / FRITEUSE À PRESSION

**Smaakvolle & sappige kip uit de drukfriteuse
Minder verbruik: goed voor portemonnee en gezondheid**

Bij een drukfriteuse bakt het voedsel in olie en onder druk. Deze druk ontstaat door het sluiten van het deksel over de frituurpot. Drukfriteuses zijn uitermate geschikt voor het bakken van grote volumes kip, maar ook van andere snacks of gerechten. Het vocht en de smaak blijven in de kip, met minder olie in het product zelf.

Poulet savoureux et juteux de la friteuse à pression

Moins de consommation: bon pour votre porte-monnaie et votre santé

Avec une friteuse à pression, les aliments cuire dans l'huile et sous pression. Cette pression est créée en fermant le couvercle sur la poêle à frire. Les friteuses à pression sont idéales pour frire de grandes quantités de poulet, mais également pour d'autres snacks ou plats. L'humidité et le goût restent dans le poulet, avec moins d'huile dans le produit lui-même.

GARLAND®

A Welbilt Brand

XPRESS GRILL

Dubbelzijdig grillen met Garland

De bovenste en onderste bakplaat van de Xpress grill bakt beide zijden gelijktijdig en zorgt voor een 50% kortere baktijd. De zeer juiste temperatuurcontrole zorgt ervoor dat alle voeding wordt gegrild tot de juiste "hart" temperatuur en garandeert dat iedere gebruiker dezelfde kwaliteitstandaard bereikt. De snelle recoverytijd en korte opwarmperiode zorgen voor energiebesparing tussen de piekperiodes tijdens het bakken.

Griller des deux côtés avec Garland

Les plaques de cuisson supérieure et inférieure du Xpress grill cuisent les deux côtés simultanément et garantissent un temps de cuisson réduit de 50%. Le contrôle très correct de la température garantit que tous les aliments sont grillés à la bonne température "coeur" et garantit que chaque utilisateur atteint le même niveau de qualité. Le temps de récupération rapide et la courte période de réchauffement assurent des économies d'énergie entre les périodes de pointe de la cuisson.

LINCOLN

A Welbilt Brand

PIZZA BANDOVEN / FOURS À PIZZA

In korte tijd een grote hoeveelheid pizza's bereiden

De ovens beschikken over een gepatenteerde airflow-technologie om de baktijd voor items zoals pizza met 30% te verminderen. Bovendien kunt u in deze bandovens niet alleen heel goed pizza's bereiden, maar ook tal van andere heerlijke maaltijden. De Lincoln pizza bandoven is relatief klein van afmeting, maar zeer krachtig en met een grote inhoud. De pizzaoven is gemaakt van roestvrijstaal. Bij grote bakcapaciteit kan men de pizza bandoven stapelen tot maximaal drie ovens.

Préparez une grande quantité de pizzas en peu de temps

Les fours ont une technologie brevetée de circulation d'air permettant de réduire de 30% le temps de cuisson des articles tels que les pizzas. En outre, vous pouvez non seulement préparer de très bonnes pizzas dans ces fours à bande, mais également de nombreux autres plats délicieux. Le four à pizza convoyeur Lincoln est de taille relativement petite, mais très puissant et avec un contenu volumineux. Le four à pizza est en acier inoxydable. Avec une grande capacité de cuisson, le four à bande peut être empilé pour un maximum jusqu'aux trois fours.
